

AWFM Ltd – Environmental Policy

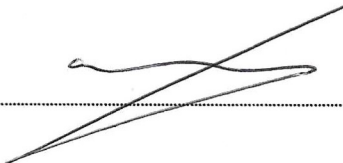

AWFM Ltd aims to protect and improve the environment through good administration and by adopting best practice where possible. We will work to integrate environmental considerations into our business decisions and adopt greener alternatives wherever possible, throughout our operations.

Our management will:

- Bring this Environmental Policy Statement to the attention of all stakeholders
- Comply fully with all relevant legal requirements, codes of practice and regulations at all levels
- Eliminate risks to the environment, where possible
- Ensure that emergency procedures are in place at all locations for dealing with environmental issues and potential spills
- Identify and manage environmental risks and hazards
- Continuously Improve the environmental efficiency of our transport and travel
- Involve customers, partners, clients, suppliers and subcontractors in the implementation of our objectives
- Minimise waste and increase recycling within our business operations
- Only engage contractors who are able to demonstrate due regard to environmental matters
- Prevent pollution to land, air and water
- Promote environmentally responsible purchasing in our supply chain
- Provide adequate resources to control environmental risks arising from our work activities
- Provide suitable training to enable employees to deal with their specific areas of environmental control
- Source materials from sustainable supply, when practicable.

This Environmental Policy will be reviewed annually and revised as necessary to reflect changes to the business activities and any changes to legislation. Any changes to the Policy will be brought to the attention of all stakeholders.
